## 2 Let's do it!

Li Ming is telling the story of Nian. Read and answer.

Every year on the eve of the Spring Festival, Nian came to eat people and animals. People had to run to the mountains.

One year, everyone ran to the mountains except an old man and his wife. The old man was too sick to walk, so his wife stayed behind to help him. A poor man walked past their house. He was very hungry, and the old woman gave him some dumplings to eat. "Please take the dumplings and run to the mountain quickly. Nian is coming! He will eat all of us!"

"Don't be afraid," said the poor man. "Nian is afraid of the colour red and the sound of firecrackers." The man put on red clothes and put some red paper on the door. When Nian came, the man lit some firecrackers in the yard. Nian was afraid and ran away.

People have lived a happy life ever since.

# Lesson 24 Year Animals

## Story time

1

We will have a meeting on January 12 in the morning.

I will tell all the animals.

The Lion King wants to name the years. He asks the rat to help. The earliest to arrive will be the first.

2

How can I be the first?

Everyone wants to be the first.

3

Hi little rat. Is the meeting on January 12?

Err... Yes. In the afternoon.

The rat meets the cat.

4

Mr. Ox, I'm tired. Can I sit in your ear?

Okay!

On January 12, the ox gets up very early in the morning. On his way to the meeting, he meets the rat.

5

No. You are the second. I'm the first.

I'm the first.

The ox runs and runs. He arrives at the meeting first. He's very tired and sits down. The rat jumps in front of the ox.

6

I'm the third.

Then the tiger comes. He is the third.

7

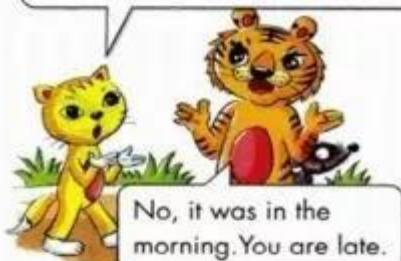

Okay. Here's the order of the years. I think twelve animals are good for the names of years.

The rabbit is the fourth; the dragon is the fifth; the snake is the sixth; the horse is the seventh; the sheep is the eighth; the monkey is the ninth; the rooster is the tenth; the dog is the eleventh; and the pig is the twelfth.

8

Why are you so early, Tiger?  
The meeting is in the afternoon.

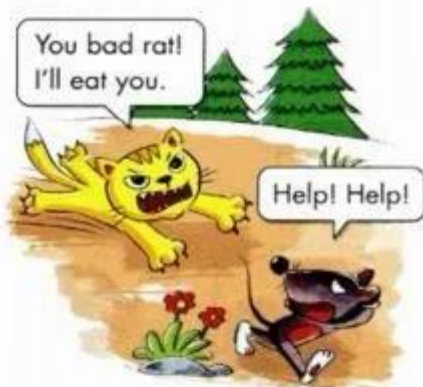

No, it was in the morning. You are late.

Later, the cat comes. He also wants to be the first. He meets the tiger on the way.

9

You bad rat!  
I'll eat you.

And that is why cats always eat rats.
